

## FIBROIDS SUPPORT GROUP 2021 (ONLINE)

**22 March - Special guest: Miss Sohier Elneil**  
Consultant Urogynaecologist and Uro-neurologist  
BSc MBChB MRCOG Phd

28 June; 27 September; 6 December

6:30 - 8:00pm

Have you or a loved one been diagnosed with fibroids? Are you considering treatment options or have you recently received treatment for fibroids?

*Living with fibroids, and being asked to make a decision around surgical options can be emotional and difficult for both you and your loved ones.*

*Our support groups provide a safe, informal setting for you to meet other women and share your questions and concerns, both before and after surgery. The groups are run by patients, for patients, with clinical staff and consultants as guest speakers for some sessions.*

'Thank you for having me at your event. It was very informative and comforting to know there are many other women going through fibroids. It was good to hear Brigitte's personal success story as well as learn from her expertise, gave me hope' – Fibroids Support Group attendee

*All are welcome - you do not need to be a patient of Guy's and St Thomas'.*

To be added to the mailing list, email [fibroidforum@outlook.com](mailto:fibroidforum@outlook.com)
